The IFPD also provides a resource of expertise and training opportunities for consumers, the insurance industry, and law enforcement agencies. Actual or potential monetary losses, exceeding **\$17.5 million**, were reported. Cases are evaluated based upon a number of criteria, including the statute of limitations, applicability of Nebraska statutes, and solvability factors. Upon completion of the case review, a status letter is sent to the complainant advising them of disposition.

PRODUCERS' LICENSING DIVISION

Any individual, whether or not compensated, who solicits, negotiates, sells to risks located in Nebraska, unless exempted by law, must be licensed as a producer in the appropriate lines of insurance. No insurance company admitted to do business in this state shall accept applications for, write, place or cause to be written or placed any policy of insurance the solicitation of which involves an insurance producer, or insurance agency and which covers risks located or residing in this state except through a licensed producer who has been appointed by such company or through an individual licensed as a producer acting as a broker in the state.

Any partnership, unincorporated association, corporation or Limited Liability Company, Limited Liability Partnership, or other legal entity transacting business with the public or insurance companies as an insurance producer must be licensed as an insurance agency. The following reflects active licenses for the year ending December 31, 2015:

- Resident Producers 14,789
- Nonresident Consultants 143
- Nonresident Producers 63,387
- Insurance Agencies 7,980
- Resident Consultants 210

PROPERTY AND CASUALTY DIVISION

The Property and Casualty Division analyzes and takes final action on rate, rule, and form filings made by insurance companies and other entities such as advisory organizations. The Division provides relevant technical support in property and casualty matters to other areas within the Department. The Division also handles most of the day-to-day administrative activities of the Excess Liability and Residual Funds. These funds provide excess and "Assigned risk" medical professional liability insurance for doctors, hospitals and other specific Nebraska health care providers.

Dependent on the line of insurance, and the nature of the entity making the filing, the majority of the filings are processed on a "File and Use" or "Prior Approval" basis. Most filings are governed by the Property and Casualty Insurance Rate and Form Act (Neb. Rev. Stat. §§44-7501 to 44-7535).

Motor vehicle service contract filings submitted to the Division are governed by the Motor Vehicle Service Contract Reimbursement Insurance Act (Neb. Rev. Stat. §§44-3520 to 44-3526).

During 2015, the Property and Casualty Division received 4,427 new filings, including those made by advisory organizations. Final action was taken on 4,628 filings, which were reviewed on prior approval, filed or file and use basis - depending on the line of insurance. As of May 1, 2010 the Department required that with one exception, all filings submitted to the Department would be submitted electronically through the System for Electronic Rate and Form Filings (SERFF). The only exception is for those carriers who only have a Certificate of Authority for the State of Nebraska.

PROPERTY AND CASUALTY ACTUARIAL DIVISION

The Actuarial Division provides support for the Examination Division, the Property and Casualty Division, the Excess Liability Fund and the Office of the Director. Duties include review of rates and policy issues for the Property and Casualty Division, review of casualty reserves and actuarial opinions for the Examination Division, review of reserves and assessment levels for the Excess Liability Fund and handling of casualty actuarial and other professional studies for the Department.

SENIORS HEALTH INSURANCE INFORMATION PROGRAM (SHIP)

The Nebraska Senior Health Insurance Information Program (SHIP) informs, educates, and assists seniors and those with disabilities to make informed decisions on topics related to health insurance. SHIP provides assistance to Medicare beneficiaries and caregivers with questions or concerns about Medicare, Medicare supplement insurance, Medicare Health Plans, Medicare Part D, Medicaid and other types of health insurance.

SHIP currently has more than 350 trained volunteers across the state, providing free and unbiased counseling to the more than 34,700 Nebraska Medicare beneficiaries.

HEALTH POLICY DIVISION

The Health Policy Division is responsible for the oversight and execution of health insurance laws and regulations for the State of Nebraska. It has primary oversight over the implementation and enforcement of the Affordable Care Act (ACA) but also has oversight over all aspects of health insurance. It works in conjunction with the Life and Health Division, Market Conduct Division, Consumer Affairs Division, Licensing Division, Fraud Division, Nebraska Senior Health Insurance Information Program (SHIP) and Examination Division to assure compliance with all health federal and state insurance laws. The Health Policy Division is the primary contact for all interaction with the federal government and other state agencies for matters relating to health insurance. The Health Policy Division also provides information to the public by the creation of websites, brochures and other informational memoranda as well as providing speakers to various organizations around the nation and State of Nebraska as requested. The Health Policy Division also oversees grant management for health related federal grants. Finally, our division also oversees external reviews wherein a policy holder may request additional review of a claim or policy provision denial by an Independent Review Organization.

The division has worked closely with the legal division to find efficiencies in order to ease burdens on the insurers and to be more consumer friendly for the public. For example, various filings that were once required to be filed via paper are now allowed to be filed electronically thus creating a savings to the insurers. Our health insurance information website, <http://nehealthinsuranceinfo.gov/>, is constantly being upgraded to meet the needs of Nebraskans who would like to look at their health insurance price options prior to their purchase and also provides the public with answers to commonly asked health insurance questions.

The ACA continues to develop and new federal regulations and guidance documents are released nearly weekly. Our staff has been reduced over time but we have nonetheless continued to be efficient with the personnel on hand and continue to perform our tasks of advising the Governor and his office, the Legislature and the Director of Insurance with updates regarding the ACA and other relevant health insurance issues.

WESTERN GUARANTY FUND SERVICES

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business — Western Guaranty Fund Services (the Company) is a not-for-profit, unincorporated association of the insurance guaranty associations in the states of Colorado, Idaho, Kansas, Montana, Nebraska, Washington and Wyoming (Member Guaranty Associations). These Member Guaranty Associations were created by statute in their respective states to pay policy holder claims in connection with insolvent insurers covered by the guaranty fund statutes in their respective states. The Company, located in Denver, Colorado, provides management services to the Member Guaranty Associations, the expense of which is borne by the Member Guaranty Associations. Operating expenses are allocated to the Member Guaranty Associations and individual insolvencies based on claim volume and complexity.

Basis of Presentation — The financial statements of the Company have been prepared on the accrual basis.

Cash and Cash Equivalents — The Company considers all highly liquid temporary cash investments with an original maturity of 90 days or less to be cash equivalents.

Accounts Receivable — Accounts receivable are from the various Member Guaranty Associations for reimbursement of Association-specific expenses paid by the Company and reimbursements of the Company's operating expenses allocated to the Associations. Accounts receivable are considered by management to be fully collectible.

Furniture and Equipment — Furniture and equipment in excess of \$1,000 and all expenditures for repairs, maintenance, renewals and betterments that materially prolong the useful lives of assets are recorded at cost and depreciated using the straight-line method over their estimated useful lives of three to ten years.

Revenue and Operating Expenses — Revenue consists solely of assessments of Member Guaranty Associations for operating expenses. Assessments are recorded as revenue when operating expenses are incurred. Operating expenses are allocated to Member Guaranty Associations based on a claim rating system which factors in the complexity and time involved for open claims for each insolvency within each state.

Direct costs related to specific insolvencies paid by the Company and reimbursed by the Member Guaranty Associations were \$638,264 and \$591,747 during the years ended December 31, 2015 and 2014, respectively. These expenses are not recorded as revenue or expense by the Company.

Income Taxes — The Company is exempt from federal income taxes under Section 501(c)(6) of the Internal Revenue Code. Accordingly, the accompanying financial statements contain no provision for income taxes.

Tax years that remain subject to examination include 2012 through the current period. The Company believes that it does not have any uncertain tax positions that are material to the financial statements.

Use of Estimates — The preparation of the Company's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events — The Company has evaluated subsequent events for recognition or disclosure through the date of the Independent Auditors' Report, which is the date the financial statements were available for issuance.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – ORGANIZATION

Nebraska Life and Health Insurance Guaranty Association is a nonprofit, unincorporated association organized and established by the Nebraska Life and Health Insurance Guaranty Act, Sections 44-2701 through 2720, R.S. Supp. 1975, which provides for the creation of an association of member insurers to enable the guaranty of payment of benefits and the continuance of coverage of life insurance policies, health insurance policies, annuity contracts and supplemental contracts. Any insurer licensed to issue life and health insurance policies, and annuity and supplemental contracts in the State of Nebraska is required to be a member.

Association members may be assessed for assessments as follows:

Class A – Assessments for administration expenses of the Association.

Class B – Assessments to cover insurance benefit claims and expenses of domestic (Nebraska) and foreign (other than Nebraska) insurance companies with policyholders in Nebraska that are declared insolvent by the State Department of Insurance.

Effective September 1, 2001, Class C assessments were eliminated by amendment of Nebraska Revised Statute Section 44-2708. Since September 1, 2001, both domestic and foreign insolvencies are funded by Class B assessments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Separate accounts are maintained by type of assessments and by insurers. Investment income and gains or losses on investments are allocated to the respective accounts based on the average quarterly balances of each respective account. Accounts with average positive balances are credited with their allocable share of investment income, and accounts with average negative balances are charged with interest expense on their average deficit balance.

Class A general and administrative expenses are allocated to Class B and Class C insolvencies based on time spent by administrative personnel on the specific insolvencies.

Cash in the checking account and the cash in the money market funds are maintained at high-quality financial institutions. Management believes the Association is not exposed to any significant credit risk on the cash in the checking account and cash in the money market funds.

Investments in debt securities are measured at fair value in the statements of financial position. Unrealized gains or losses are included in the statements of activities. Fair value is based on quoted market prices.

Financial instruments that potentially expose the Association to concentrations of credit and market risk consist primarily of investments. The Association's investments do not represent significant concentrations of credit risk. Financial instruments are not held for trading purposes.

Class A general and administrative expenses were allocated to Classes B and C insolvencies based on time spent by administrative personnel on the specific insolvencies.
