RE: **Approved Filings Including Contact Address for Department of Insurance**

The Department has moved twice in the last three years. It has come to the Department's attention that some insurers may be providing an old address to insureds in required filings and notices. Please review approved products to ensure they reflect the correct mailing address. The Department's permanent address, effective May 24, is as follows:

Physical Address

Nebraska Department of Insurance
1526 K Street, Suite 200
Lincoln, Nebraska 68508

Mailing Address

PO Box 82089
Lincoln, Nebraska 68501-2089

If products filed with the Department include an old address, insurers are instructed to simply update that address as soon as possible. It is **not required** to be refiled in SERFF.

As part of the claim denial process, insurers are sometimes required to provide insureds the Department's contact information. Please ensure that claims processing systems and forms are updated to reflect the correct address for the Department.
