Title: Suspension of Remote Testing Sites for Agent Licensing

Issue Date: March 16, 2026

Previously: N/A

Notice: This guidance document is advisory in nature but is binding on an agency until amended by such agency. A guidance document does not include internal procedural documents that only affect the internal operations of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules and regulations made in accordance with the Administrative Procedure Act. If you believe that this guidance document imposes additional requirements or penalties on regulated parties, you may request a review of the document.

The Department is issuing this Guidance Document to notify resident producers, prospective resident producers, insurance companies and any prospective candidate seeking licensure to become an insurance producer of an immediate change to the process for insurance producer examination in Nebraska.

Effective immediately, testing will only be allowed at physical testing sites. Remote tests that have been scheduled as of the date of the Guidance Document will be honored, however, going forward, remote testing is no longer allowed.

The Department regrets any inconvenience this may cause for those who had planned on utilizing remote testing.
