Note: Because of the instability of pass ratios based on small numbers of administrations, pass ratios should not be interpreted for exams administered less than thirty times.

\* -- **Candidates taking the exam several times are counted only once.**

<sup>1</sup> -- The "First" ratio is the percentage of candidates who passed the examination the first time they took it.

<sup>2</sup> -- The "Overall" ratio is simply the ratio of the number of passes to the number of exams administered

<sup>3</sup> -- The "Success" ratio is the percentage of candidates who passed the exam this quarter without regard to the number of attempts.
