Each Medicare Supplement Plan offers a specific list of benefits. A Plan F policy from one company must offer the same benefits as a Plan F policy from all other companies. Since each plan's benefits are identical from company to company, premium comparison and special conditions are important to consider when choosing a policy that is right for you.

Medicare Supplement Insurance, or Medigap, is sold by private companies, and helps pay some of the health care costs left after Original Medicare has paid its portion. Supplements cover items like copayments, coinsurance and deductibles.

Rates will vary depending on plan, zip code, tobacco use, age and sex. The following information provides estimated price ranges for a 65 year old non-tobacco user. Rates were generated as of 2/25/2019.
