What is a Medicare Advantage Plan?

Medicare Advantage is an alternative to Original Medicare and supplement coverage. Medicare Advantage Plans are also referred to as Medicare Health Plans or Part C. Medicare Part C/Medicare Advantage Plans are offered by private insurance companies.

What do Medicare Advantage Plans cover?

With a Medicare Advantage plan, you receive all of your needed coverage in one plan. Medicare Advantage Plans cover the same services Part A (inpatient) and Part B (outpatient) cover. Most plans also include drug coverage (Part D). Some plans offer extra benefits, like dental and vision.

How much do Medicare Advantage Plans cost?

Monthly Premiums: All Medicare Advantage Plan enrollees must continue to pay the Medicare Part B premium, $144.60. Medicare Advantage Plans may also charge an additional premium which will vary based on the plan. Additional Premiums range from $0 - $145.

Deductibles/Copays: Medicare Advantage Plans can have a deductible up to $1,000 per year, depending on the plan. With a Medicare Advantage plan you will owe a copay for each service each time you receive it. For Example: Doctor’s Visit - $10*, Specialist - $40*, Outpatient Surgery - $300*, Inpatient Hospital Stay - up to $1,750 per stay*. Other copays will apply.

Out-of-Pocket Maximum: All Medicare Advantage plans have an out-of-pocket limit. This is the maximum a person can spend on medical expenses for the year. Once the out-of-pocket amount is reached, the plan covers 100% of cost. Each plan determines their specific out-of-pocket limit. Prescription drug costs never count towards this dollar amount.

Who is eligible for a Medicare Advantage Plan?

Medicare Advantage Plans accept all Medicare beneficiaries, including those on Medicare due to disability. The exception to this rule are those with End-Stage Renal Disease (kidney failure). You must first have Medicare Part A and Part B in order to join a Medicare Advantage Plan. Your options will vary depending on where you live. Many counties in Nebraska do NOT have these plans as an option.

When can I get a Medicare Advantage Plan?

You can join a Medicare Advantage Plan when you first begin Medicare, whether by age or disability. If you work past age 65 and delay Medicare, you can choose a Medicare Advantage Plan when you retire.

Medicare Advantage plans are a one year commitment. Each year the plan can change costs and coverage. Since the plan can change its benefits you also get the chance to make changes. Every year, between October 15 and December 7, you get the opportunity to review Medicare Advantage Plan options. If you enroll in a new plan during this period, it will take effect January 1 of the following year.

How do I sign up for a Medicare Advantage Plan?

Contact the Nebraska SHIP for a comparison of Medicare Advantage Plan options in your area. Once you have selected a plan, SHIP can assist you in enrolling.

Is there anything else to consider when choosing a Medicare Advantage Plan?

**Provider Choice:** Medicare Advantage plans are sold by private insurance companies. This means that you must see doctors and other healthcare providers that accept that particular insurance plan. Prior to enrolling, be sure to check with the Advantage Plan to ensure that your providers are in the plan’s network.

**Supplements:** Medicare Supplements are an alternative option to a Medicare Advantage Plan. You should never have both a Medicare Supplement and a Medicare Advantage Plan. The two options will not work together. Choose the option that best meets your needs.

### Understanding Medicare Advantage Plan Benefits

#### Plan Overview

**Monthly Premium** - The dollar amount you owe to have this insurance. Part B premiums are paid in addition to this monthly premium.

**Medicare Deductible** - The amount you pay for health care services before your insurance begins to pay. Reach out to the plan for details on what applies to the deductible. Prescription drug costs do not count towards this deductible.

**Out-of-Pocket Limit** - The most you could pay for covered services in the year. After you spend this amount on deductibles, copayments, and coinsurance, your plan pays 100% of the costs of covered benefits. The out-of-pocket limit doesn't include monthly premiums or the cost of prescriptions.

#### Benefits and Costs

**Copays** - A set amount that you pay for a specific health care service. Each service has its own unique copay. Typically you pay copays after your deductible has been met.

**Coinsurance** - A percentage you pay for a specific health care service. Typically you pay coinsurance after your deductible has been met.

#### Prescription Coverage

Most Medicare Advantage plans have prescription coverage included, therefore you cannot purchase a separate Part D plan. In some instances, such as a Cost Plan, a Part D plan may be added. Deductibles, copays and coinsurance will apply to prescriptions and do not count towards the Medical Deductible or out-of-pocket limit.
