SECTION IV – WORKERS’ COMPENSATION COURT TRUST FUND - Assessment Not Applicable for filing year 2020		

Explanation: Two types of workers’ compensation forms involving deductibles are allowed under Nebraska workers’ compensation law. One form is for small medical claims with deductible options up to \$5,000. The other form is large deductibles applying to medical and indemnity losses combined, with a minimum deductible amount of \$50,000. Under both of these forms the insurer is obligated to pay these claims on behalf of the employer and then seek reimbursement from the employer. These reimbursed and to-be-reimbursed losses are not included in losses shown on the annual statement state page but remain part of the basis of taxation for the Trust Fund. (They are also reported to the National Council on Compensation Insurance and used for experience rating.) On line 25 show the amount of these reimbursed and to-be-reimbursed losses that were paid during the taxable year.
