## Reconciliation of FFM applications

- The FFM is in the process of reconciling application transfers with all states.
- These are applications that the FFM was unable to deliver to the states due to technical issues with the application that was submitted to the FFM.
- Two categories of reconciliation:
  1. Account transfers that had a system issue fixed and now can be sent electronically. Nebraska processed 1,024 in this group.
  2. Account transfers unable to send electronically. Sent via flat file. Nebraska is processing approximately 1,000 in this group.

6

## Credible Coverage Reporting

- IRS reporting becomes mandatory this year.
- Nebraska Medicaid will send Enrollees an IRS 1095 tax form which will show months of coverage in 2015. This is to be sent to enrollees by January 31, 2016.
- Nebraska will mail the form and post the form in the Enrollee's Online Account.

## Account Transfer Status

7

- ▀ Status of the Account Transfer as the FFM prepares for the next Open Enrollment period:
  - ▀ Expecting the Change Report volume to continue to grow
  - ▀ Transfers occur in near real time.
  - ▀ The FFM is working to resolve issues that cause large numbers of applications to wind up in the reconciliation process.
  - ▀ Expecting an increase in account transfers towards the end of open enrollment as income taxes are completed and penalties assessed.
