A Message from the Director....

2018—A Year in Review

In February 2018, the Department found itself displaced by a fire at the Terminal Building at 941 O Street. The Department has been temporarily relocated to 1135 M Street, Suite 300, Lincoln, NE 68508. Please be sure your records have been updated to reflect our current physical location, as our mail forwarding order will expire in February. Our mailing address remains P.O. Box 82089, Lincoln, NE 68501-2089.

Despite the Department’s displacement, various divisions continued to assist numerous Nebraskans with their insurance-related issues.

As of November 2018, the Senior Health Insurance Information Program (SHIIP) recorded 22,836 contacts, resulting in estimated savings to Medicare enrollees exceeding $12,271,290. SHIIP, operating under a federal grant, educates and assists individuals with Medicare questions and Medicare Part D enrollment.

The Consumer Affairs Division assisted 1,904 individuals, resulting in favorable outcomes totaling $3,923,328. Additional assistance was offered through 19 consumer alerts and informational brochures being posted to our website.

The most recent generated report for the Life Insurance Policy Locator Service shows that use of the consumer tool resulted in Nebraskans finding 265 matches to requests for lost or misplaced life insurance policies or annuities. The total claim amount reported by companies since the launch of the free locator service in 2016 is $5,064,051.
The Department’s Insurance Fraud Prevention Division received 718 case referrals regarding potential violations of the Nebraska Insurance Fraud Act. Cases referred to the division had venue in 58 Nebraska counties. Actual or potential monetary losses, exceeding $14.8 million were reported for 238 of the cases. Restitution in 62 of the cases amounted to $328,399.52.

The Health Policy Division administers and assigns health insurance external review requests. The division forwarded 193 external review request cases to independent review organizations, resulting in 85 favorable outcomes.

The Department has a goal of encouraging newly domiciled insurers to Nebraska. The state’s insurance industry is among the largest in the nation, bringing jobs and economic opportunities to the state. Nebraska is currently the second highest insurance job concentration in the nation. Insurance company assets of $602.5 billion rank Nebraska as fifth in the nation and their surplus of $214.9 billion ranks second in the nation. Premiums written by Nebraska domestic insurers totaling $44.5 billion ranks 12th in the nation. The Department approved newly domiciled and merged companies into Nebraska with combined assets of approximately $18.8 billion.

The divisions performing rate and form reviews continue to focus on improving service. Those divisions worked diligently and have met or exceeded their operational goals. The filing turn-around ranged from a monthly high of 19.03 days to a low of 9.47 days. The quicker turn-around times allow insurers to bring their new and revised products to market sooner.

To stay abreast of Department activity or to be informed when postings are made to our website, please visit doi.nebraska.gov and sign up to get update notices, located in the lower right-hand corner of the website. There are four available options from which to choose—select one or all four—to receive electronic notification when new information is posted.

**Staff Update**

**LIFE & HEALTH DIVISION**
**Interest Rate on Death Proceeds**

The interest rate to be paid on death proceeds not paid within 30 days of receipt of proof of death is 4.396%, effective October 18, 2018. Pursuant to Neb. Rev. Stat. § 44-3,143, interest shall accrue from the date of receipt of proof of death to the date of payment at the rate calculated pursuant to § 45-103 in effect on January 1 of the calendar year in which occurs the date of receipt of proof of death.

The court sets the rate, and the court may change the rate during the year, but the rate in effect on January 1 applies to death claims. The Judgment Interest Rate can be found on the supreme court website.

**2018 Insurance Fraud Statistics**

The Insurance Fraud Prevention Division (IFPD) received 718 case referrals regarding potential violations of the Nebraska Insurance Fraud Act during 2018. Of the referrals received, 481 were submitted through the National Insurance Crime Bureau and 93 were submitted via the National Association of Insurance Commissioners’ online fraud reporting system. The remainder were submitted by victims, concerned consumers, or law enforcement agencies. Actual or potential monetary losses, exceeding $14.8 million, were reported for 238 of the cases.

Cases are evaluated based upon a number of criteria, including the statute of limitations, applicability of Nebraska statutes, and solvability factors. A status letter advising of the disposition is sent to the complainant upon completion of the case review. The IFPD investigated the following types of insurance fraud during 2018: Property/Casualty: 544 cases; Life/Health: 103 cases; Agent or Internal Fraud: 51 Cases; Other Fraud: 20 Cases.

Upon completion of a case investigation, the IFPD makes a determination to close the case for one of the following reasons: unfounded allegations, insufficient evidence for prosecution, or sufficient evidence to forward the information to a prosecutor for consideration in filing a criminal violation of the Nebraska Insurance Fraud Act. Before sending a case for a prosecutor’s review, the IFPD prepares an investigative summary report outlining the circumstances of the investigation.

- **2018 Cases Sent for Criminal Prosecution:** 69 Cases / 30 Suspects
- **2018 Convictions:** 55 Cases / 30 Suspects
- **2018 Restitution:** 62 Cases / $328,399.52

Cases referred to the IFPD for investigation had venue in 58 Nebraska counties. Douglas, Lancaster, and Sarpy Counties accounted for 69% of cases (496 cases).
Working with our Law Enforcement Partners

The IFPD is a law enforcement division staffed by certified law enforcement officers within the Nebraska Department of Insurance. The division is specifically assigned to work under the Insurance Fraud Act, *Neb. Rev. Stat.* §§ 44-6601 through 44-6608. The statute itself is very encompassing and covers most aspects of insurance fraud and some elements of insurance fraud as it applies to those self-insured entities. The statutes in their entirety can be reviewed at [www.reportinsurancefraud.ne.gov](http://www.reportinsurancefraud.ne.gov).

The division has always held the opinion best described by Dennis Jay with the Coalition Against Insurance Fraud, who noted at the 2018 Fraud Directors Conference, "When we work together, wonderful things can happen...."

The IFPD values the relationships developed throughout the years with various task forces, professional anti-fraud organizations, special investigators, other law enforcement entities and professional groups consisting of concerned citizens in combatting insurance fraud. These efforts have an impact on premiums paid by Nebraska consumers. As organized criminal activity takes more of a foothold, these relationships will be beneficial in the sharing of information as well as in conducting investigations. By addressing the issues, Nebraskans will not fall victim to the costs passed on to consumers.

One of the presentations at the 2019 Conference in August will address issues involved in conducting multi-agency investigations with particular attention to task and time management.

New Venue Chosen for 2019 Annual Fraud Conference

Make plans to join the Insurance Fraud Prevention Division (IFPD) on August 6, 2019, for its 19th annual insurance fraud conference. The IFPD is excited about the new venue for this year’s conference—The Henry Doorly Zoo. The conference brochure/registration is tentatively scheduled to be emailed in late May.

The IFPD is working diligently to develop a program that will prove beneficial to participants in their fraud fighting efforts. Topics for the 2019 conference will include:

- **Cognitive Interviewing, Communication and Influence,** presented by John Pizzuro, MA, CFE.
- **Can Artificial Intelligence Have an Impact on Insurance Fraud,** presented by Bradley Stoub, Head of Sales for Shift Technology—fraud specialists in the field of blockchain technology.

If you would like to receive a brochure, email your request to DOI.FraudPrevention@nebraska.gov and use the subject "Conference Brochure Request." If you attended the 2018 conference, you will automatically receive an email and will not need to request the brochure.

“Courts continue to struggle with cyber fraud and coverage. Insureds and judges often believe there is coverage for this type of claim. Policy exclusions must be clear and unambiguous.”

Attorney Matthew J. Smith, Coalition Against Insurance Fraud (referring to a recent 2018 judicial decision)

Welcome to Bruce Eigsti and Autumn Schafer who have recently joined the division as claims investigators.

Bruce joined the division in December, 2018, having most recently worked at NTT DATA and at Assurity Life Insurance. Bruce is a claims investigator for life and health insurance concerns.

Autumn joined the division in December, 2018, after working the past six years at NTT DATA. Autumn is a claims investigator for life and health insurance concerns.

**Reminder—Use Department’s Post Office Box on All Correspondence**

If an insurer denies a claim and the claimant objects to such denial, the insurer is required to notify the claimant, in writing, of his or her right to have the matter reviewed by the Nebraska Department of Insurance.

A number of insurers are still referencing the Department’s former street address in this written notice to claimants, however, as the result of a fire in the Terminal Building last February, the Department is no longer located in the Terminal Building at 941 O Street. The one-year order of forwarding mail sent to that address will expire on February 19 and will result in all mail being returned to the sender.

To avoid unnecessary delays in the review process, please be sure to use the mailing address of the Department when referencing it in correspondence directed to claimants. The mailing address is P.O. Box 82089, Lincoln, Nebraska 68501-2089. The main phone number for the Department remains 402-471-2201, and the temporary physical location is 1135 M Street, Suite 300, Lincoln, NE 68508.

The division encourages insurers to use email, where possible, when responding to the division’s claims investigators.

Please note that if it is necessary to send hard copies of correspondence to the division staff, the Department’s post office box should be used to avoid unnecessary delays.
Consumer Alerts Issued

Take Control of Your Health Care Costs

The Department has posted a consumer alert to its website, “Take Control of Your Health Care Costs.” The alert is a reminder that while there are certain factors regarding an individual’s health that cannot be controlled, such as age and family history, there are many things that can be changed to better impact what is paid for health care costs. Tips are offered in the alert that may assist consumers with health care cost factors.

A copy of the consumer alert can be found on the Department’s website.

Health Care Sharing Ministries

The consumer alert was posted to the Department’s website to remind the public that pursuant to Nebraska law, Health Care Sharing Ministries are not considered health insurance. Under Nebraska law, the ministry is required to provide a disclaimer to the consumer that states such information.

The alert was issued after the Department became aware of several health care providers being presented a card from consumers purporting to provide a discount for services they provide that comes from a healthcare sharing ministry. The provider often does not have a contract with the healthcare sharing ministry and the consumer is subject to payment of the bill at a rate provided to them by the medical provider. In some instances, the cost of the services provided have been significant.

A copy of the consumer alert can be found on the Department’s website.

Is it Time to Review Your Policies?

Insureds are reminded through the consumer alert that it is time to perform an annual review of their insurance coverage. The alert informs insureds that new products, competition, and bundling of policies may mean better deals are available. Insureds are encouraged to talk with their insurance agent about updating or adding policies, buying additional insurance coverage or changing a beneficiary.

A copy of the consumer alert can be found on the Department’s website.

The alert was posted to offer tips that may be helpful in assisting consumers with health care cost factors.

The alert informs Nebraskans that Health Care Sharing Ministries are not considered health insurance and that a disclaimer must be provided to them stating such information.

Insureds are reminded through the alert that it is time to talk with their insurance agent about updating or adding policies, buying additional insurance coverage or changing a beneficiary.

**Company Bulletin**

**CB-142 (Amended) - Filing Procedures for Crop-Hail and Crop-Hail Production Plan Rating Systems**

On January 11, 2019, the Department of Insurance issued **CB-142 (Amended)**. The purpose of amending CB-142, issued on December 12, 2018, is to exclude capped wind rates from the cumulative deviation analysis for those companies working to stay within a 25% deviation of the NCIS FALCs for the 2019 growing season. Any deviations from the NCIS FALC for corn-wind may be excluded from the company’s cumulative deviation during the transition period. The Department of Insurance is continuing to analyze this issue and will make further adjustments as necessary for the 2020 growing season and beyond.

**Medical Malpractice Surcharge Set for 2019**

A hearing was held before the Director of Insurance on November 8, 2018, as required by Neb. Rev. Stat. § 44-2830, to consider adjusting the amount of surcharge for 2019.

On the basis of the public hearing giving due regard to the size of the existing Fund, the number and size of potential claims against the Fund, the number of participating providers, change in the cost of living, and sound actuarial principles, the Director set the surcharge for the year 2019, effective January 1, 2019, at forty-five percent (45%) for all health care providers.
